

## Reward offered in Phillips County cattle shootings

KLA is offering up to a \$2,500 reward for information leading to the arrest and conviction of those involved in a series of November cattle shootings in Phillips County. KLA member Dustin Chester of Glade reported cows shot in a pasture six miles north of Logan November 1 and November 12. While both of those cows survived, another was found November 29 shot to death in a pasture three miles south of Speed. A veterinarian confirmed all three were shot.

Anyone with information about those involved in this crime should call Chester at (785) 533-2192 or the Phillips County Sheriff's Department at (785) 543-6885.

All KLA members are eligible for the reward program. The program applies to livestock, equipment, tack and pharmaceutical thefts, as well as animal mutilations or killings.

# Ag Committee leaders talk timelines for 2012 Farm Bill

Agriculture leaders in Congress have begun opening up about their plans for the 2012 Farm Bill process.

The leaders — and the ag community at large — have been examining options for renewing the law since attempts to attach a farm policy proposal to a debt reduction bill failed with the debt-deficit super-committee last month.

Senate Agriculture Committee Chairwoman Debbie Stabenow (D-Mich.) said recently Congress must complete the farm bill rewrite before the current bill expires. Speaking at the Farm Journal Forum in Washington, she said her committee will resume hearings on farm bill issues in January,

with the goal of having an "initial product" by spring.

She also said 12 public hearings held this year and the lessons learned from the super-committee-related attempt "have helped us identify ways to streamline and strengthen programs to reduce the deficit and create agriculture jobs" and will be the framework for coming efforts.

In an interview with Oklahoma farm broadcaster Ron Hays, House Agriculture Chairman Frank Lucas (R-Okla.) noted Stabenow's plans to hold hearings, but did not commit to do the same.

He was generally positive about the package he and Stabenow negotiated prior to the super-commit-

tee's collapse — which has yet to be released publicly — and indicated the House's schedule could mean an extension of current policy is needed.

For his part, House Agriculture Committee ranking member Collin Peterson (D-Minn.) suggested the proposal formulated before the super-committee's demise be added to a bill to extend an existing payroll tax holiday.

Extending the payroll tax holiday is popular in Congress, but how to pay for it is a significant roadblock. Though it is unlikely Peterson's idea will get traction, and he said he hadn't discussed it with other key Congressional ag leaders, the concept would theoretic-

cally provide a \$23 billion offset. It would also lock in farm safety net spending for five years while largely avoiding what is expected to be a drawn-out and nasty House floor flight.

Lucas later voiced support for the idea in an interview with the Red River Farm Network.

Senate Agriculture ranking member Pat Roberts (R-Kan.) continued this week to call for hearings to begin under regular order, telling agriculture news outlet Agri-Pulse "the biggest thing is the process." Roberts maintains he was not part of the super committee proposal negotiations and, based on what he's heard about them, thinks they're problematic.

JANE GOOD

Jane L. Good, 87, of Manhattan, Ks. died peacefully at home at Meadowlark Hills the morning of December 13, 2011, with her husband of nearly 64 years, Don L. Good, nearby. Jane Lenore Swick, daughter of Wyler K. and Edyth Swick, was born January 22, 1924 at home on the family farm in Van Wert, Ohio. She was the oldest of 4 girls.

Jane graduated from Convoy (Ohio) High School in 1942 and began nurses training at the Ft. Wayne Methodist Hospital School of Nursing in Ft. Wayne, Ind. When she graduated in 1945, she worked for a year in Obstetrics and the Nursery before departing for a 3-month post-graduate course in operating room nursing at Charity Hospital in New Orleans, La. Just prior to leaving for New Orleans, her sister, Judy and boyfriend (and now husband), Fred Good, set Jane up with Fred's brother, Don, for a date. There was a spark!

Jane returned to Ft Wayne as supervisor of the operating room at Methodist Hospital and the budding romance continued. On Dec. 27, 1947, Jane married Don, a 1947 graduate of The Ohio State University. They married at the Trinity Lutheran Church in Convoy, Ohio and moved to Manhattan, Kansas where Don taught Animal Science, coached the livestock judging team, and was later Department Head at Kansas State University.

Jane was a devoted homemaker, wife, mother, and volunteer, spending some of her happiest times in the kitchen cooking for a crowd and traveling all over the U.S. and world with Don. Church activities were important to Jane and at First United Methodist Church, participated as Lay leader, was active in church circle, sang in Chorales, and helped with many bazaars, soup suppers, church dinners, and providing transportation for elderly or infirmed.

Jane gave generously of her time to Chapter BD P.E.O., University Social Club, serving as President and chairing many committees, and Christian Women's Club, serving as President and Treasurer. Jane helped start Federation of Handicapped Children (now Citizens) in Manhattan and was a Board member of Kansas Children's Service League. She volunteered with Red Cross/Blood mobile for 40 years, served as 4-H sewing and cooking leader and was in the Extension Homemakers Unit (EHU).

Besides caring for her family, Jane's most enjoyable activity was entertaining judging teams, KSU faculty/staff/graduate students and Sunday school members. Jane and Don opened their home to many students who needed a place to stay and they both advocated for Heifer Project International.

Survivors include three children: Linda (and Joe Mikols), East Lansing, Mich.; Craig (and Amy), Olsburg, Ks.; and Gary (at Kansas Neurological Institute), Topeka, Ks.

Two beloved grandchildren: Laura (and Isidro Jimenez Linan), Abu Dhabi, UAE; and Grant, Mound Ridge, KS

Three sisters: Jean (and Norman) Covert, Tiffin, Ohio; Judy (and Fred) Good, Charlotte, Mich.; and Norma Ann (and Charles Boroff), Ft. Jennings, Ohio.

Memorial Services for Mrs. Good were held at 11:00 a.m. Saturday, Dec. 17 at the First United Methodist Church in Manhattan, with Pastor Kay Scarbrough officiating. Private inurnment was in the Sunrise Cemetery in Manhattan.

Online condolences may be left for the family through the funeral home website at [www.ymlfuneralhome.com](http://www.ymlfuneralhome.com)

Memorial contributions are suggested to the First United Methodist Church or the Meadowlark Hills Good Samaritan Fund. Contributions may be left in care of the Yorgensen-Meloan-Londeen Funeral Home, 1616 Poyntz Avenue, Manhattan, Kansas 66502.

# Farmers to gather in Topeka for Kansas Soybean Expo

Soybean farmers will gather Jan. 11, 2012, in Topeka for the Kansas Soybean Expo, themed "Kansas Soybeans: Growing Opportunities." The Kansas Soybean Commission and Kansas Soybean Association (KSA) co-sponsor the annual event, which they conduct in conjunction with the Topeka Farm Show. It is at the Capital Plaza Hotel's Maner Conference Center at the Kansas Expocentre. Registration and exhibits open at 8:30 a.m., with the program scheduled from 9 a.m. to 3:15 p.m.

The opening session will feature a "Soybean Update" moderated by Gary Kilgore,

a Kansas State University professor emeritus of agronomy. The panelists will be Dave Mengel, Ph.D., a K-State professor of soil fertility and nutrient management; Bill Schapaugh, Ph.D., a K-State professor, soybean breeder and interim head of the agronomy department; and Phil Stahlman, Ph.D., a weed scientist at the K-State Agricultural Research Center in Hays. Mengel will share the latest information about phosphorus and potassium fertilization, Schapaugh will address what is behind the yield improvement in soybeans, and Stahlman will discuss glyphosate resistance.

Next, representatives from the American Soybean Association, National Oil-seed Processors Association and National Biodiesel Board will provide

## REAL ESTATE AUCTION

**MONDAY, JANUARY 23 — 7:00 PM**  
Auction Location: Citizen Potawatomi Nation Building,  
E. Hwy. 24 — ROSSVILLE, KANSAS

**PROPERTY LOCATION:** 4 1/2 miles North of St. Mary's, KS on HWY 63 to Diamond Rd then 1 mi W.

**TRACT I:** 80 acres +/- on the SW corner of Diamond & Riley Creek Roads. (E 1/2 of NE 1/4 20-9-12, Pottawatomie Co., KS.) Prime native grass pasture with Diamond Rd frontage on North and Riley Creek Rd frontage on West. Rolling hills with Diamond creek running along east length of the tract.

**TRACT II:** 156 acres +/- 1/4 mile West of Diamond & Riley Creek Roads. (W 1/2 of NE 1/4 & E 1/2 of NW 1/4 20-9-12, Pottawatomie Co., KS.) Prime native grass pasture with Diamond Rd frontage on N side.

**TRACT III:** Tracts I & II will be offered in combination - 236 acres +/-

**MANNER OF SALE:** Tracts I & II will be offered separately and then together to determine highest bid sales price. In the event Tracts sell separately, Seller will pay for survey to establish property lines between the tracts. All subsequent fencing would be sole responsibility of Buyers.

**NOTE:** This is a unique opportunity to purchase prime native grass pasture. Located just 1 mile West off of HWY 63. There are several newer homes in the area. The property has what appears to be several excellent building sites. Rural Water District No. 4 has meters available. Tract I has a non-working windmill and Tract II has cattle holding pens. Existing fence appears to be in good condition. Seller's mineral rights shall pass to Buyer(s) at closing.

**Weather History**  
Dec. 20, 1836 - A furious cold wave occurred in central Illinois. A cold front with 70 mph winds swept through at noon, dropping the temperature from 40 degrees to near zero in a matter of minutes. Many settlers froze to death. Folklore told of chickens frozen in their tracks.

# Kansas Hay Market Report

Hay trade moderate to active. Demand very strong for dairy, stock cow and grinding alfalfa, moderate to strong for alfalfa pellets and grass hay. These comments sound much the same this week, everyone is busy shipping hay and looking for more roughage to make it through the winter. Finding enough trucks continues to be a challenge. If you have hay for sale or pasture to rent or need hay or grazing, use the services of the Hay and Pasture Exchange: [www.kfb.org/hayandpasture/default.htm](http://www.kfb.org/hayandpasture/default.htm)

## Southwest Kansas

Dairy alfalfa steady, grinding and ground alfalfa steady to 5.00 higher. Movement moderate to active. Alfalfa, Horse, small squares, 300.00-325.00; Dairy, Supreme 270.00-310.00, an instance 350.00 for Supplemental hay; Premium 230.00-280.00; Heifer or Bunk hay 240.00-270.00; Fair-Good grinding alfalfa at the edge of the field or shipped in, 235.00-250.00, an instance 260.00. Ground and delivered locally to feedlots and dairies 260.00-280.00. The week of 12/5-10, 9,614T of grinding alfalfa and 1,600T of dairy alfalfa were delivered. Straw, large bales 65.00-75.00, 80.00-90.00 delivered. CRP grass in large bales 100.00, a little 110.00. Sudan, Good, large bales 120.00-140.00. Corn stalks 65.00-70.00, or 80.00-100.00 delivered, ground and delivered 125.00-130.00. Soybean stalks 90.00-100.00 delivered. Soybean hay 160.00. The average paid by feedlots on December 1 for alfalfa ground and delivered was 226.20/T, up 4.67 from last month, usage was 1,032T/day, up 2%, total usage was 30,952T.

## South Central Kansas

Dairy and grinding alfalfa and alfalfa pellets steady to firm. Movement moderate to active. Alfalfa, Dairy, Supreme, 260.00-300.00; Premium 230.00-270.00; Fair-Good grinding alfalfa at the edge of the field 200.00-220.00. Ground and delivered locally to feedlots 225.00-250.00. The week of 12/5-10, 4,922T of grinding alfalfa and 983T of dairy alfalfa were delivered. Alfalfa pellets: Sun Cured 15 and 17 pct protein 270.00-290.00; Dehydrated 17 pct 305.00. Straw, large bales 60.00-75.00. Corn hay 80.00-100.00. Corn stalks 65.00. Sudan, Good large bales 125.00-130.00. The average paid by feedlots on December 1 for alfalfa ground and delivered was 225.01/T, up 27 cents from last month, usage was 263T/day, down 11%, total usage was 7,893T.

## Southeast Kansas

Alfalfa, brome and prairie hay steady to firm. Movement moderate. Alfalfa: Horse and goat, mid square 250.00; Dairy 250.00; Bluestem: Good, small squares 100.00-125.00, mid and large squares 100.00-115.00, some to 125.00, large rounds 80.00-95.00, instances 100.00-110.00. Brome: Good, Small squares 110.00-125.00 mid

and large squares 100.00-110.00, large rounds 80.00-90.00. Straw, large bales 60.00-65.00. Corn hay 100.00, 150.00 with low Nitrates. Sudan, good, large bales 125.00. Soybean hay, good large bales 125.00.

## Northwest Kansas

Grinding alfalfa steady to 20.00 higher. Movement moderate. Alfalfa: Horse 250.00; Dairy, no trade. Stock Cow, Good 200.00; Fair-Good grinding alfalfa at the edge of the field 180.00-220.00, an instance 230.00; Ground and delivered to feedlots and dairies 205.00-250.00. CRP grass in large bales 80.00-100.00, some Good 125.00. Sudan, good, large bales 125.00-130.00. Corn stalks 55.00-65.00.

## North Central-Northeast Kansas

Dairy and grinding alfalfa, prairie hay and brome steady to firm. Movement moderate. Alfalfa: Horse, 280.00-300.00, some 7.50-8.00/small square bale; Dairy, Supreme, 220.00-300.00, an instance 350.00 for Supplemental hay; Premium 200.00-250.00; Utility-Fair grinding alfalfa at the edge of the field, 180.00-220.00, alfalfa Ground-on-the-truck 200.00-250.00, Ground and delivered 225.00-250.00. Grass hay: Bluestem Good, small squares, 5.00-6.00/bale, 100.00-125.00, Mid squares 100.00-140.00, large rounds 40.00-45.00/bale, 70.00-100.00/T, 110.00 delivered. Brome: Good, small squares, 6.00-7.50/bale, 110.00-150.00/T. Mid squares, 110.00-150.00, large round, 50.00/bale, 75.00-100.00/T. Grass Mulch, large round 50.00-60.00, CWF large round 95.00-100.00. Straw, small squares 3.50/bale or 4.00/bale delivered, large bales 60.00-70.00/T or 70.00-75.00 delivered. Soybean hay, Good, large bales 120.00-160.00. Soybean stalks, large bales 70.00. Cornstalks ground and delivered 100.00. Milo

stalks, large round 65.00-75.00.

**\*\*\*Prices are dollars per ton and FOB unless otherwise noted. Dairy alfalfa prices are for mid and large squares unless otherwise noted. Horse hay is in small squares unless otherwise noted. Prices are from the most recent sales.**

**\*RFV calculated using the Wis/Minn formula. \*\*TDN calculated using the Western formula. Quantitative factors are approximate, and many factors can affect feeding value. Values based on 100% dry matter (TDN showing both 100% & 90%). Guidelines are to be used with visual appearance and intent of sale (usage).**

**YOU CAN GET MORE POWER WITH LESS FUEL AND BE TIER 4A-COMPLIANT.**

We know. It sounds too good to be true. But with Magnum™ tractors, equipped with SCR (Selective Catalytic Reduction) technology, there's research to back it up. In recent independent tests\*, the new Magnum 340 tractor with SCR technology outperformed the Deere 8335R in fuel efficiency across the entire power band. Plus, Magnum recorded up to 8% more drawbar horsepower than the competition. To learn more, visit your Case IH dealer or [caseih.com/berady](http://caseih.com/berady) to see how Case IH tractors with SCR technology can help prepare you for the future.

# Conservation districts receive service awards

Five Kansas conservation districts received service recognition awards during the Kansas Association of Conservation District's (KACD) annual convention in November.

The five districts that received Governor's Recognition of Kansas Conservation Service awards were recognized for their excellence in helping local farmers and ranchers implement conservation practices and encouraging conservation in their areas. Conservation districts work with livestock waste systems, grazing, terraces, windbreaks, wells, pipelines, grass plantings and other practices, as well as other methods of conserving natural resources.

"Conservation districts should be proud of the level of acceptance of these practices and all of their other achievements," said Kansas Secretary of Agriculture Dale Rodman. "People involved in conservation districts are Kansas' true environmentalists. They recognize that quality soil and water are precious resources that require care in order to pass these resources on to future generations of agriculturists."

The Governor's Conservation District Service award winners were:

- Norton County (Area 1)
- Grant County (Area 2)
- Harvey County (Area 3)
- Douglas County (Area 4)
- Cherokee County (Area 5)

The conservation district is the primary local unit of government responsible for the conservation of soil, water and related natural resources

## LAND AUCTION

**WEDNESDAY, JANUARY 4 — 1:00 PM**  
**United Methodist Church's Poteet Fellowship Hall; 849 F St. PAWNEE CITY, NEBRASKA**

**TRACT 1**  
**LEGAL DESCRIPTION:** N 1/2 of SW 1/4 & NW 1/4 Section 6, T1N, R12E, Pawnee Co., NE (230.84 acres +-)

**DIRECTIONS from Pawnee City, NE:** 1 mile east on Hwy. 8 to 624 Ave. & 1 1/2 miles south to 708 Rd. & the NW corner of the farm.

**GENERAL DESCRIPTION:** This 230.84 acre tract has 147.32 acres of row crop & 51.5 acres CRP at \$71/acre that expires 9-30-12. There are 3.85 acres of brome & alfalfa hay as well as 7 acres of water. The balance is in waterways & timber. This farm boasts income from the row crop & CRP as well as recreational use from the timber, pond & CRP. Come take a look at this farm!

**2011 TAXES:** \$4,271.48

**SOIL TYPES:** Wymore, Judson & Pawnee.

**CROP BASE ACRES:** Wheat 20, yield 34; corn 10.6, yield 65; sorghum 66, yield 63; soybeans 7, yield 20.

**TRACT 2**  
**LEGAL DESCRIPTION:** E 1/2 of SE 1/4 Section 12, Township 1N, Range 11E, Pawnee Co., NE (76.99 acres +-)

**DIRECTIONS from Pawnee City, NE:** 1 mile east on Hwy. 8 to 624 Ave. & 3 miles south to 706 Trl & the NE corner of the farm.

**GENERAL DESCRIPTION:** This 76.99 acre tract has 31 acres currently in row crop production & 26.6 acres of CRP at \$65.92/acre that expires 9-30-13. The balance is in pasture & waterways. If you are looking to expand your farming operation, don't miss this auction!

**2011 Estimated TAXES:** \$1,350

**SOIL TYPES:** Wymore & Pawnee.

**CROP BASE ACRES:** Wheat 5.3, yield 34; corn 2.8, yield 65; sorghum 17.6, yield 63; soybeans 1, yield 20.

**TERMS & CONDITIONS**  
**Terms:** 20% down day of sale when signing the purchase agreement immediately following the auction. The balance is to be paid on or before February 6, 2012. Seller agrees to convey to buyer by warranty deed with title insurance free and clear of all liens, encumbrances, special assessments levied or assessed and subject to all easements and restrictions or covenants now of record. The cost of the title insurance will be divided equally between buyer and seller. If a loan policy is required it is the responsibility of the buyer. Property will be sold to the highest bidder subject to seller's confirmation. **Possession:** Possession will be given upon final settlement subject to tenant's rights until March 1, 2012. **Taxes:** All real estate taxes levied on the property described above and payable for the year 2011 and all prior years will be paid by the seller. All real estate taxes levied on the property described above and payable for the year 2012 will be prorated to date of final settlement. All real estate taxes levied on the property described above and payable for the year 2013 and all subsequent years shall be paid by the buyer. **CRP Payment:** The 2012 CRP payment will be prorated to date of final settlement. **Agency Disclosure:** Speckmann Realty and Auction Service, Inc. will be acting as the seller's agent. **Conditions:** All acreages are based on government measurements and are considered approximate. All statements, representations and information are from reliable sources and are believed to be correct; however, the sellers and Speckmann Realty and Auction Service, Inc. make no warranties, either expressed or implied. Buyers should verify details and view the property prior to the auction. Announcements made at the auction take precedence over printed material.

within each county. Kansas conservation districts are political subdivisions of state government charged with this vital role. Funding comes from county and state allocations, with some districts generating funds by providing conservation goods and services. KACD is a voluntary, nongovernmental, nonprofit organization established

in 1944 for the purpose of establishing and supporting programs designed to advance the conservation and orderly development of Kansas land, water, and related resources. The Kansas Department of Agriculture Division of Conservation works closely with local conservation districts and the KACD.

# Winter Ranch Management Seminar planned in six Kansas locations

Ranch management and cow herd economics will take center stage at Kansas State University's Winter Ranch Management Seminar on Jan. 10, 2012. The seminar is planned for six locations around the state and features a combination of local speakers and webinar presentation delivery.

Seminar locations in-

clude Ashland, Highland, Lebanon, Manhattan, Parsons and Russell. All will start with registration at 4 p.m. (program beginning at 4:30 p.m.) and end at 8:30 p.m.

Featured speakers include Trey Patterson of Padlock Ranch, Dayton, Wyo., who will present "Ranch Management Focus" and Glynn Tonsor, K-State Research and Ex-

tension agricultural economist, who will give the "Cattle Business Outlook." Both of these presentations will be delivered via webinar.

Local speakers at each location will give presentations on winter ration development and hunting lease management.

The cost to attend, which includes dinner, is \$25 per person. Registra-

tion is due by Jan. 6. If more than one person attends from any farm, family or business, the price for additional attendees is \$15 per person. More information about each location, plus online registration is available at [www.asi.ksu.edu/rms](http://www.asi.ksu.edu/rms). Information is also available by contacting Becky Ayres at 785-532-1281 or [bayres@ksu.edu](mailto:bayres@ksu.edu).

# Schwieterman Market Outlook

*A marketing commentary by Bret Crotts*

The outside markets were mostly negative last week, which didn't help the ag markets, but at the same time, when we did see pressure in the grain and livestock, it wasn't necessarily related to what was going on in the financial markets. Perhaps we are going to have some separation from the outside markets, which would be great as far as I am concerned, because it would reduce the volatility and traders could take one eye off the Euro. Anyway, the Dow Jones lost over 300 points last week and the charts suggest further weakness ahead. The gold had three consecutive days of heavy selling and lost over

\$100/oz. The crude oil couldn't hold gains generated by news that the Iranians would do military exercises in the Strait of Hormuz and then fell to the 38% retracement of the last move up. Friday's low of \$92.95 is now critical support in the March crude oil. Meanwhile the Dollar Index was strong gaining 1.54 points thanks to weakness in the Euro and the ever present debt issues over there. To me, it looks like the Dollar and the Euro are ready to correct, so I won't be surprised to see a temporary turnaround in those markets next week. As for the grains, Wednesday's weakness sunk the corn for the week and

the March contract lost 11¼ cents. The December contract only lost 3¼ thanks to some bear spreading. The front months made new lows for the move this week, while the December 12 contract is still holding above the November low. One can make a solid technical case for a bottom having been made in the December 12 due to the support holding and the divergence in the

technical indicators. Unfortunately we still can't get that fundamental spark that the market needs in order to see consistent gains. Old crop stocks are tight and basis is strong, but traders aren't concerned about that since stocks aren't getting tighter and there is concern that stocks estimates will grow in the future and that new crop supplies may actually become burdensome. Export sales came in at 504,700 MT, which is basically the bare minimum we can sell and meet expectations. It will take consistent sales over 1 MMT to get anyone excited.

The wheat fared worse than the corn and the March KW lost 22 cents for the week. At the moment there

isn't much to say that is positive about the wheat in either technical or fundamental terms. The market is oversold and trading funds have a massive net short position in Chicago wheat, but that doesn't mean we will see any short covering. There have also been reports that U.S. SRW is now

competitive on the world market, which is due to a combination of falling prices here and prices no longer falling in the Black Sea region. I have heard that the combination of lifting the export ban in Russia, high interest rates and poor liquidity have encouraged rapid liquidation of

wheat supplies in Russia. It is possible that they are now sold out, and coupled with the poor growing conditions this fall, we may start to see European prices start to rise. That would be good news for us and if true and we would see our exports start to improve. In the meantime, sell option premium.

Soybean futures were the bright spot of the week. March soybeans gained 23 cents for the week and closed at the high of the week. It is not a huge accomplishment, but it is a step in the right direction that has a solid fundamental basis. Dry weather is a concern in S. America right now and if it continues it should help prices greatly. Lower supplies in S. America should result in better exports for us, which would lower stocks and change our new crop acreage dynamic completely. Export sales have been relatively poor this year, but something to consider is that we cannot return to the past two years sales levels because we don't have that many soybeans available. Another thing to consider is that if sales continue at this week's pace of 468,600 MT we would exceed the current sales estimate by over 100

Groups announce theme for 2012 Be Ag-Wise Workshops

Kansas Foundation for Agriculture in the Classroom (KFAC) and Kansas Farm Bureau (KFB) are to host the 2012 Be Ag-Wise workshops in several locations in early 2012. The theme this year is "Ag Counts."

The workshops, which are designed especially for agricultural education presenters at the county level, will give participants the opportunity to receive training for a variety of agriculture-based, hands-on learning labs; receive resource materials; share ideas; network with others; and practice their presentation skills.

The workshops are designed to assist volunteer agricultural educators in the counties such as Cooperative Extension educators, county Farm Bureau agricultural education volunteers, Conservation District

managers, agricultural educators, youth presenters and teachers.

"Each year we have teachers, volunteers, Cooperative Extension professionals, and FFA youth and instructors attend these Saturday workshops," said Cathy Musick, executive director for KFAC. "Attendees receive five hours of training and up to eight lesson plans they can take back to teach elementary students in their school district. Lesson plans can also be used for after school, summer school and day camp venues. One of the best parts of the day is when the attendees share ideas on how they have used agriculture as a tool for teaching math, science, reading and social studies."

The theme for the workshops is "Ag Counts," which focuses on practical applications of math, using agri-

million bushels and ending stocks would be as tight as they were when prices were record-high. As the numbers stand right now we have way more soybeans that we need and there isn't much reason to be concerned, but keep in mind that conditions can change quickly. A great spec trade would be to buy 2 July soybean \$14.00 - \$15.00 bull call spreads and sell 1 \$10.00 put for a net premium cost of zero or less.

Choice beef is back to \$190, so I think we are going to see good strength in the market next week. Monday and Friday's technical action was impressive and with oversold indicators, suggest a bottom has been made. The cattle on feed report probably won't help matters Monday morning with the 104% on feed and the 104% placements, but I think that the cash trade and fundamentals will overcome the report numbers very quickly. I look for the February LC to make it back to the \$122 area early next week, and then we will see where cash cattle trade develops. I like bull spreading the live cattle.

Schwieterman Marketing, L.L.C. specializes in risk manage-

culture as the teaching tool. Pumpkin Predictions, Meal-time Math, By the Pound, Change for a Dollar and Barnyard Math are all ways to teach elementary youth math principals using agriculture. The "fat bucks buffet" will be an exercise in budgeting of fat grams for the noon meal. The dates and locations for the one-day workshops are: Jan. 14 in Emporia at Girl Scout's Heartland, Inc.; Jan. 21 in Manhattan at Kansas Farm Bureau; Feb. 25 in Colby, at the Colby Community Center; and March 3 in Garden City, at the Southwest Area Research and Extension Complex; and March 10 in Wichita at Farm Bureau Claims Office. The work-

shops will be held from 10 a.m. to 3 p.m.

There must be a minimum of 10 participants at each location in order to conduct a workshop. In the event that one of the workshops will not be held, participants who have registered to attend it may attend any of the other workshops.

More information and registration forms can be found on the KFAC website. Registration fees are \$50 per person and include lunch, refreshments and resource materials. Registration forms and fees are due by Jan. 3 to the KFB Accounting and Human Resources department in Manhattan.

ATTENTION CATTLE FEEDERS

Go to the Source for calves in northeast Kansas and southeast Nebraska

Riverside Cattle Company

All calves will be purchased in Missouri and Kansas, loaded, and shipped the same day (partial loads available)

# USDA announces sign-up period for Conservation Stewardship Program

U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) has announced that the ranking period cut-off date for the Conservation Stewardship Program (CSP) is January 13, 2012. Producers interested in CSP should submit applications to their local NRCS office by the deadline so that their applications can be considered during the first ranking period of 2012.

"CSP is one of our most popular conservation programs, and we expect to receive many applications," NRCS chief Dave White said. "I encourage all farmers and ranchers who are interested in applying to contact their local NRCS office

as soon as possible so they can meet the deadline."

CSP is offered in all 50 states and the Pacific and Caribbean areas through continuous sign-ups. The program provides many conservation benefits including improvement of water and soil quality, wildlife habitat enhancements, and adoption of conservation activities that address the effects of climate change. Eligible lands include cropland, pastureland, rangeland, nonindustrial private forest land, and agricultural land under the jurisdiction of an Indian tribe.

A CSP self-screening checklist is available to help potential applicants determine if CSP is suitable for

their operation. The checklist highlights basic information about CSP eligibility requirements, contract obligations, and potential payments. It is available from local NRCS offices and on the CSP webpage <http://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/csp>.

As part of the CSP application process, applicants will work with NRCS field personnel to complete the resource inventory using a Conservation Measurement Tool (CMT). The CMT determines the conservation performance for existing and

new conservation activities. The applicant's conservation performance will be used to determine eligibility, ranking, and payments.

In 2010 alone, nearly 21,000 applicants enrolled in CSP, putting additional conservation on 25.2 million acres, about the size of the state of Kentucky, to improve water and soil quality, enhance wildlife habitat, and address the effects of climate change.

Visit the NRCS National website, [www.nrcs.usda.gov/wps/portal/nrcs/main/national/home](http://www.nrcs.usda.gov/wps/portal/nrcs/main/national/home) and connect with an NRCS office near you.

## Delegates elect Angus Board members

American Angus Association® delegates elected five members to its Board of Directors Nov. 14 at the 128th Annual Convention of Delegates in Louisville, Ky.

Elected Board Directors include Chris Sankey, Council Grove; Arlen Sawyer, Bassett, Neb.; Doug Schroeder, Clarence, Iowa; Darrell Silveira, Firebaugh, Calif.; and Jim Sitz, Dillon, Mont. Sankey will serve his first three-year term on the Board; while Sawyer, Schroeder, Silveira and Sitz will serve a second, three-year term.

Jarold Callahan, Edmond, Okla., was elected the American Angus Association president and chairman of the board. He succeeds Joe Hampton, Mount Ulla, N.C.

Phil Trowbridge, Ghent, N.Y., was chosen by delegates to serve as vice president and vice chairman of the board. Gordon Stucky, Kingman, will serve as treasurer for the year.

More than 300 elected delegates from 43 states, Canada and the District of Columbia represented American Angus Association members and conducted the business of the Association during the annual meeting and election. The meeting was at the Kentucky Fair and Exposition Center (KFEC) in conjunction with the North American International Livestock Exposition (NAILE) Super-Point Roll of Victory (ROV) Angus Show.
